

PC CAMPUS

WWW.PREVENTCONNECT.ORG

PreventConnect is the online community of sexual violence, domestic violence and dating violence prevention practitioners. Through its web conferences, podcasts, eLearning and social media, PreventConnect is the nation's leading online resource for discussions of developing, implementing and evaluating prevention programs, especially primary prevention.

In 2015-2016, PreventConnect is expanding its focus to have online support, specifically addressing the prevention of sexual violence, domestic violence and dating violence on the nation's college and university campuses. PreventConnect Campus will offer web conferences, podcasts, eLearning and social media for campus-based prevention practitioners as well as prevention practitioners from community based organizations that partner with local colleges and universities.
