#### 1. Salary reporting preference

Your answer to the following question will customize the survey for you.

How will you be reporting faculty salaries?	<input checked="" type="radio"/> <b>Individual salaries</b> <input type="radio"/> Summary salary data
---	--

2. Total number of full-time equivalent (FTE) tenured and tenure-track faculty as of Fall 2018. (Count only faculty engaged in computing, e.g., in an EECS program, omit faculty who are EE-only, if separable. This question is included in the salary part of the survey to allow salary reporting by department size groups.)

	Fall 2018
Total tenured and tenure-track faculty FTE	33.00
Total Teaching Professors	15.00
Total Other Instructors	1.00

#### 3. Salary benchmarking preference

Salary benchmarking allows you to compare your unit's salary data with a peer group of your choosing. In order to use the salary benchmarking feature, you must grant permission for your unit's salary data to be used if others want to include your unit in their peer group. Use of your data in benchmarking will not reveal your individual unit data; other units can see only aggregates of at least 8 academic units.

If you do not grant permission, your data will only be used in developing general statistics for published Taulbee reports.

Do you allow your salary data to be used in benchmarking?	<input checked="" type="radio"/> <b>Permission granted</b> <input type="radio"/> Permission not granted

### B. Faculty Salaries (individual level reporting)

#### Directions

- Canadian Schools: 12-month salary in Canadian dollars
- U.S. Schools: 9-month salary in US dollars
- Use salaries effective January 1, 2019.
- Include pay supplements associated with teaching and research; do not include administrative supplements or summer support.
- For assistant professors and the non-tenure-track ranks, there is a space to check if the person is new to the academic unit and a new Ph.D. Check yes only if (1) the person is new to the academic unit this academic year (since June 30, 2018), and (2) the person received his/her Ph.D. the previous academic year (after June 30, 2017).
- For full and associate professors please indicate the year they were promoted to their current rank.
- For teaching professors and other instructors, please indicate the year they began teaching at your Institution.
- Download PDF defining new Teaching Faculty categories (Teaching Professors and Other Instructors).
- Click a column heading to re-sort the table on the values of the clicked column. Re-clicking a sort column will reverse the order.

You may add rows without saving between each. Hit Save button when ready to leave the page. It is always safer to save your work periodically. It takes no time!
