

# SILVERTHORN FILMS

THERE ARE A FEW EXCITING CHANGES TO REPORT, AND WE'VE ALSO THROWN IN SOME HIGHLIGHTS FROM THE PAST YEAR...

## NEW STUFF

We recently moved a few doors down in the Glass Building to a larger office, and we're proud to welcome some old friends into our new space. Filmmaker Chris Farina and Graphic/Web Designer Chris Conklin will be joining the Silverthorn team. We've installed a beer fridge to make them feel welcome. Stop in and say hello when you are in our neighborhood. ■

We're also excited to have the help of three new staffers: Kai Crowe-Getty, Owen Watson and Liza Dunsmore. Their assistance with research, production and marketing will be a huge asset to our company. ■

Silverthorn Films now has a production studio/set, equipped with: black drops and green screen, jib arm and dolly rentals, green room, and camera and sound equipment rentals. If you're interested in renting the space, just give us a call. ■
